

What is it?

The Smart® Clearomizer is intended as an alternative of the Smart® Atomizer of the Smart® eCigarette. The Smart® Clearomizer features upgraded heating and anti-leaking components over the traditional atomizer and features a replaceable atomizing coil.

How to use

The Smart® Clearomizer is composed of the components as shown in the photo. To fill in the eLiquid, gently unscrew the mouthpiece (1) and pour the eLiquid gently into the Clearomizer tank making sure you do not pour liquid into the middle needle as shown in the picture. The Clearomizer tank holds a maximum of 1.6mL of eLiquid so make sure not to overfill.

Contra-indications and precautions

This product should be used with Smart® eLiquid. Some eLiquids contain nicotine. Since nicotine is a highly addictive substance it is not recommended for use by non-smokers; persons younger than 18 years of age and those demonstrating a sensitivity to nicotine. This device should not be used by those suffering from respiratory/ cardiovascular disease and women who are pregnant or lactating.

Vape at your own risk.

Keep out of reach of children. Store in a cool dark place. Smart eCigarettes is not responsible for undesired effects if not used according to these instructions.
